

Would you like to reduce your Natural Gas costs?

GEO has partnered with Alternative Gas & Electric Solutions LLC (AGES) and Interstate Gas Supply (IGS) to help manage this natural gas purchasing program for our members. The program was designed specifically to help save on your natural gas bill by utilizing the strength of group buying. By grouping together, AGES can leverage our buying power to shop the market and secure the best deals possible for you.

Just the Facts...

- 1. What is Alternative Gas & Electric Solutions LLC (AGES)?** AGES is a non-profit program designed to save consumers money on one of their most expensive expenditures — Natural Gas.
- 2. Who is eligible for the AGES Program?** All GEO members located in Columbia Gas regions in Ohio.
- 3. Are there membership or unit fees involved?** There is no membership fee. There is a small per unit fee added to the basis portion of your natural gas bill used to administer the program.
- 4. What is your price? How much will I save?** These are difficult questions to answer. AGES employs hedging strategies as opposed to buying gas supplies annually. Historically, it has resulted in greater savings potential to the user.
- 5. Why should I join the AGES Program?** Simple; if you want the potential to save off your natural gas costs you should join the program and a portion of what you pay will support in-state renewable energy projects and GEO.
- 6. What if I am in contract with a supplier, can I still join?** YES, you can. We can have all your paperwork prepared for a smooth transition once your current contract expires.
- 7. Can I opt out at any time?** Yes, but you are required to stay with the program through those months that gas has been purchased on your behalf. Historically, AGES is 3-5 months out at any given time throughout the year.
- 8. What do I need to do to be part of AGES?** To enroll in the program please feel free to contact IGS energy toll free at 1-800-280-4474 or go to www.IGSEnergy.com
